

### 5.3 Quality Policy

#### *Quality Policy*

Ionix Systems recognises that our commitment to quality is a leading factor in maintaining and growing our business. We strive to achieve the highest levels of customer satisfaction by providing the highest quality products and through continuous improvement of our processes. This ensures that we honor our quality commitments to our customers and valued business partners.

It is Ionix Systems Quality Policy that on the basis of an effective quality system, we deliver the best products and services that exceed our customer's requirements and expectations. All management and employees are making continuous efforts to achieve the very best quality in all that we offer.

Ionix Systems is certified by the International Organization for Standardization (ISO). This certification guarantees our customers and business partners that our products are safe, reliable and meet high-quality standards.

Ionix Systems is dedicated to achieving the highest customer satisfaction in the industry. This is achieved through the use of a total business directed quality system involving dedicated customer focus throughout all facets of our business.

Our dedicated employees are continuously challenged to identify opportunities for quality improvement. We are regularly evaluating our processes to ensure that we are not only meeting, but exceeding our quality expectations. These evaluations pave the way to improve our quality performance for the benefit of our customers and our business.

Our Code of Business Conduct and Ethics provides our employees, officers and directors of Amphenol with an approach to dealing with ethical situations, information on available resources, and policy guidance on some common ethical issues. Ionix Systems honors its commitment to professional honesty and integrity with our everyday business practices.
